JULY/AUGUST 2011

# How do you reduce make-ready time?

## Eliminate it!!

This is just what Timsons have done with their new Timson T48A ZMR “Zero Make-ready” press. The Timson ZMR press is capable of changing forms on single color work without stopping the press. This eliminates make-ready time and significantly reduces waste.

By incorporating shaftless digital drive technology in a stacked arch design, the ZMR press is capable of changing plates on one unit while the other unit prints the current form.

In addition to zero make-ready, the ZMR press is also an exceptional two color press due to its short web lead between units. In two color mode, the press utilizes tool-less semi-automatic plate loading and unloading and the Timson QMR “Quick make-ready” sequence to change plates quickly and reduce make-ready time on two color printing.

In addition, all of Timsons newest machines come standard with a PC operator interface which aids the pressman with a graphic operator panel as well as remote diagnostics to support the customer.

Although Timsons continues to increase press speeds, the most important consideration in the short run book market is the reduction of make-ready time and waste. This new generation of a proven design is sure to change the way short run titles are produced!!

Timsons will continue to revolutionize the short-run web offset book market by maintaining their commitment to the best available technology – today!!

# ANN ARBOR LITHO CLUB

---

Volume 54, Issue 5

August 2011

Hello Everyone,

Hard to believe that the kids are back in school... a sign that summer is over. That brings us back into fall when the club starts meeting again. It's a great time to see everyone that you have missed over the summer.

Our 1st meeting of the year will be to go to a Detroit Tiger's game on Friday, September 9th. We have purchased 55 tickets and reserved a bus to take us down there for the evening. Tickets will be \$45 (\$50 for Guests) and will include transportation, a box dinner and beverages on the bus. Get your PAID reservation in soon as you can. There are only 55 tickets available.

The October meeting will feature a panel discussion on Ink Jet printing and the technical advances it has made towards being used for book production. We'll have representatives from Kodak, HP, Oce, Screen and Xerox. The Detroit Craftsmen Club will also be joining us for this evening.

In November, we will be having a morning meeting. Rosh Sillars from The Rosh Group, Inc. will be our speaker to help us learn to use Social Media to enhance our marketing efforts.

If you have any other ideas, please feel free to contact me as your feedback is very valuable.

Please add these meeting dates to your calendar.

September 9th, Friday Night

October 19th, Wednesday Evening

November 9th, Wednesday Morning

December 14th, Wednesday Evening

January 18th, Wednesday Evening

February 15th, Wednesday Evening

March 21st, Wednesday Morning

April 18th, Wednesday Evening

June 1st, Golf Outing

See you all soon,

Craig Moeller

AALC President

# 2011 Board of Governors

## Officers

### **President and Treasurer**

Craig Moeller  
Adair Printing Co.
